Education

Bachelor of Computer Applications   **2018 - 2021**
Govt. Degree College Boys   *Anantnag, Jammu and Kashmir*
GPA: 7.5/10

Higher Secondary Certificate (HSC)   **2015 - 2016**
Govt. Hr. Sec. School Kullar   *Anantnag, Jammu and Kashmir*
GPA: 6.4/10

Experience

Python Developer   **Dec 2023 - May 2024**
Besant Technologies   *Bangalore, Karnataka*

- Developed a strong understanding of data types including lists, tuples, and dictionaries.
- Demonstrated excellent proficiency in conditional statements and loops.
- Gained profound knowledge in handling .xlsx files using Python and SQL development.
- Acquired solid understanding in concepts such as OOP, regular expressions, MySQL database access, and multithreaded programming.

SQL Developer   **Mar 2024 - May 2024**
Besant Technologies   *Bangalore, Karnataka*

- Designed and optimized relational databases using MySQL.
- Implemented complex SQL queries for data extraction, transformation, and reporting.
- Applied normalization and enforced database constraints to ensure data integrity.

Front End Developer   **Dec 2023 - Feb 2024**
Besant Technologies   *Bangalore, Karnataka*

- Developed dynamic, responsive web applications using HTML5, CSS3, and JavaScript.
- Built user interfaces with React.js, focusing on component-based architecture and state management.

Trainee   **Jan 2024 - Mar 2024**
Besant Technologies   *BTM Layout, Bangalore, Karnataka*

- Acquired hands-on experience in full-stack development, covering both front-end and back-end technologies.
- Collaborated on web design and server-side development projects.

Projects

Theater Booking System   **Dec 2023 - May 2024**

- Architected a web-based theater booking application, integrating database management with server-side logic using Python and MySQL.

Flight Booking System   **Mar 2024 - May 2024**

- Developed a flight booking system with optimized database design and advanced SQL queries for efficient data management.

Portfolio Website   **Dec 2023 - Feb 2024**

- Created a responsive portfolio website showcasing professional projects and skills, utilizing HTML5, CSS3, JavaScript, and React.js.

Food Delivery System   **Jan 2024 - Mar 2024**

- Developed a comprehensive food delivery platform with full-stack components, emphasizing user experience and system efficiency.

Technical Skills

Languages: Python, JavaScript, SQL

Technologies: MySQL, React.js, HTML5, CSS3, Git

Skills: Full-Stack Development, Responsive Design, Database Management, Data Processing
